Pro Medical **Cost Projection**

– Estimate of Reasonable Value of Future Medical Care –

Patient Name: Daenerys Targaryen

Based on the Future Care Referenced by Dr. Snow on 8/31/22

Prepared For: AccuMed Healthcare Research LLC
6400 S Fiddlers Green Circle, Suite 1320
Greenwood Village, CO 80111

Date: March 12, 2025

AccuMed HealthCare Research, LLC
info@accumedintel.com
844.307.4487

Confidential: This report, along with the data, analysis, and conclusions herein, contains sensitive and proprietary information and is protected under agreements between AccuMed and the above referenced party. This report is for use exclusively in the matter involving the above referenced patient. This report may not be altered or reproduced, in part or in whole, in any way. Breaches of the confidentiality of this report are subject to legal recourse.

This report is a full estimate of the reasonable value of billed charges for the indicated treatment. In the development of this report, 392,813 historical records of providers performing procedures related to this treatment were identified. For information on data sources, assumptions, and methodologies – including the calculation of the reasonable value – please reference the appendices.

Reasonable Value

Cervical Non-Surgical TX

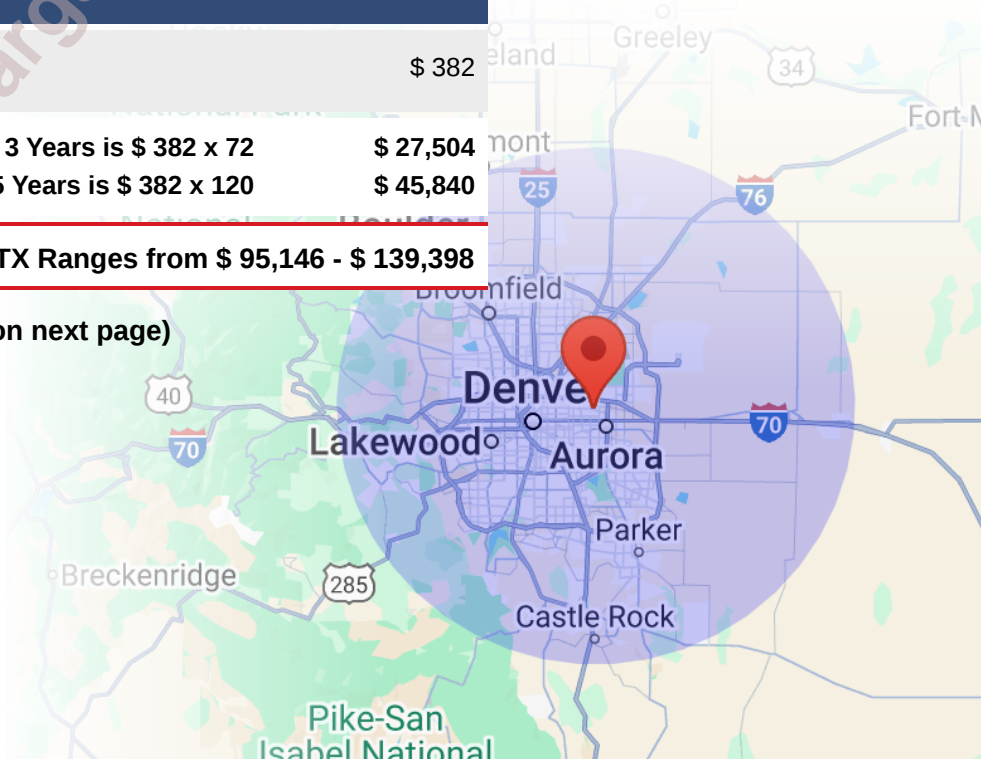

C3 - C5 Medial Branch Block (MBB)			
Pre-Op	Bill #1	Pre-Op Consultation	\$ 354
	Bill #2	Physician	\$ 2,364
DOS	Bill #3	Ambulatory Surgery Center	5,187
	Two occurrences is \$ 7,905 x 2		\$ 15,810

C3 - C5 Radiofrequency Ablation (RFA)			
Pre-Op	Bill #4	Pre-Op Consultation	\$ 354
	Bill #5	Anesthesiology	\$ 2,184
DOS	Bill #6	Physician	4,321
	Bill #7	Ambulatory Surgery Center	6,099
Once every 9 Months for 3 Years is \$ 12,958 x 4		\$ 51,832	
Once every 9 Months for 5 Years is \$ 12,958 x 6		\$ 77,748	

Physical Therapy			
DOS	Bill #8	Session	\$ 382
Twice a Month for 3 Years is \$ 382 x 72		\$ 27,504	
Twice a Month for 5 Years is \$ 382 x 120		\$ 45,840	

Cervical Non-Surgical TX Ranges from \$ 95,146 - \$ 139,398

(Continued on next page)

Records are pulled starting from a 30 mile radius of Denver, CO.

Based on the Future Care
Referenced by Dr. Snow on 8/31/22

Cervical Surgical TX

C3 - C5 Anterior Cervical Discectomy and Fusion (ACDF)

Pre-Op	Bill #9	Pre-Op Consultation	\$ 334
	Bill #10	Radiology	2,130
Sx	Bill #11	Anesthesiology	\$ 6,946
	Bill #12	Surgical Assistant	10,834
	Bill #13	Surgeon	16,731
	Bill #14	Inpatient Hospital	193,320
Post-Op	Bill #15	Radiology	\$ 146
	Bill #16	Physical Therapy - Initial Eval	187
	Bill #17	Physical Therapy - 12 Visits	4,584
			\$ 235,212

Cervical Surgical TX: \$ 235,212

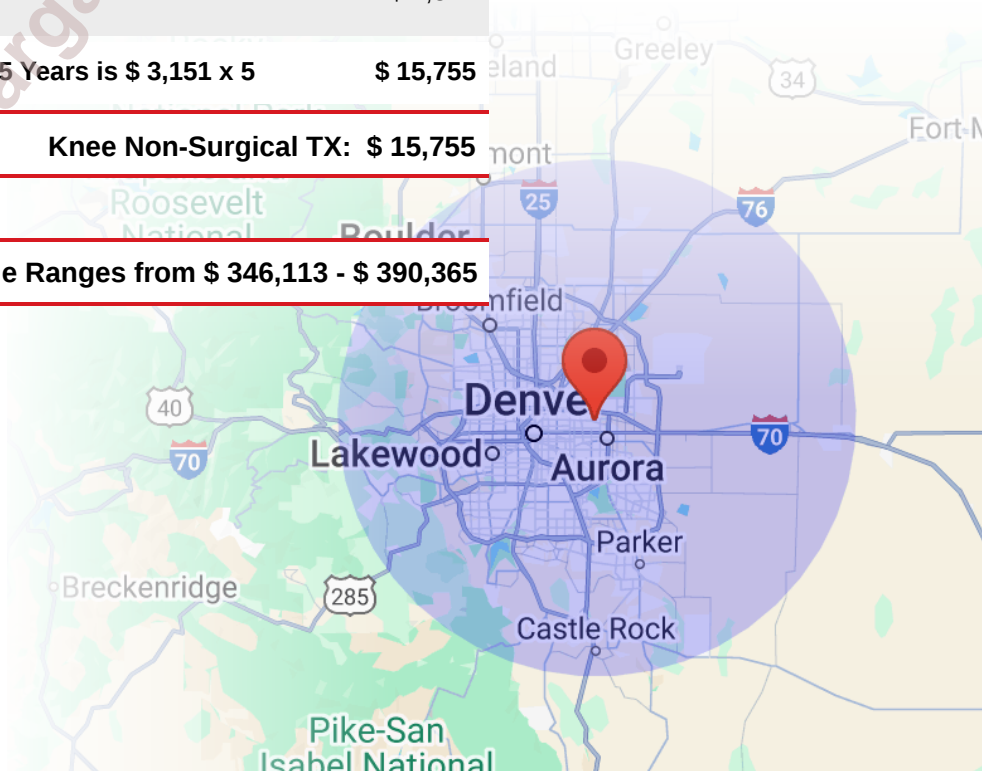

Knee Non-Surgical TX

Right Knee Viscosupplementation Injections (series of 3 injections)

Pre-Op	Bill #18	Pre-Op Consultation	\$ 334
	Bill #19	Physician	\$ 2,817
Once a Year for 5 Years is \$ 3,151 x 5			\$ 15,755

Knee Non-Surgical TX: \$ 15,755

Total Reasonable Value Ranges from \$ 346,113 - \$ 390,365

Records are pulled starting from a 30 mile radius of Denver, CO.

Patient Name: Daenerys Targaryen
 Location: Denver, CO
 Report Title: Based on the Future Care Referenced by Dr. Snow on 8/31/22

Summary of Itemized Bills

This section lists the bills that Daenerys Targaryen would expect to receive over the course of her treatment. Each bill details specific procedures and their reasonable value in the patient's area.

C3 - C5 Medial Branch Block (MBB)

1 Pre-Op		Pre-Op Consultation		
Code	Units	Description	Reasonable Value	
zzz	1	Established Patient Evaluation - Level 3	\$ 354	
			Total Bill: \$ 354	

2 Day of Service		Physician		
Code	Units	Description	Reasonable Value	
zzz	1	Injection(s), diagnostic or therapeutic agent, paravertebral facet (zygapophyseal) joint (or nerves innervating that joint) with image guidance (fluoroscopy or CT), cervical or thoracic; single level	\$ 1,580	
zzz	1	Injection(s), diagnostic or therapeutic agent, paravertebral facet (zygapophyseal) joint (or nerves innervating that joint) with image guidance (fluoroscopy or CT), cervical or thoracic; second level	784	
			Total Bill: \$ 2,364	

3 Day of Service		Ambulatory Surgery Center		
Code	Units	Description	Reasonable Value	
zzz	1	Injection(s), diagnostic or therapeutic agent, paravertebral facet (zygapophyseal) joint (or nerves innervating that joint) with image guidance (fluoroscopy or CT), cervical or thoracic; single level	\$ 5,187	
			Total Bill: \$ 5,187	

C3 - C5 Radiofrequency Ablation (RFA)

4 Pre-Op		Pre-Op Consultation		
Code	Units	Description	Reasonable Value	
zzz	1	Established Patient Evaluation - Level 3	\$ 354	
			Total Bill: \$ 354	

Patient Name:
Location:
Report Title:

Daenerys Targaryen
Denver, CO
Based on the Future Care Referenced by Dr. Snow on 8/31/22

 5 Day of Service		Anesthesiology		
<u>Code</u>	<u>Units</u>	<u>Description</u>	<u>Reasonable Value</u>	
zzz	1	Anesthesia for percutaneous image guided procedures on the spine and spinal cord; therapeutic	\$ 2,184	
			Total Bill: \$ 2,184	

 6 Day of Service		Physician		
<u>Code</u>	<u>Units</u>	<u>Description</u>	<u>Reasonable Value</u>	
zzz	1	Destruction by neurolytic agent, paravertebral facet joint nerve(s), with imaging guidance (fluoroscopy or CT); cervical or thoracic, single facet joint	\$ 2,855	
zzz	1	Destruction by neurolytic agent, paravertebral facet joint nerve(s), with imaging guidance (fluoroscopy or CT); cervical or thoracic, each additional facet joint	1,466	
			Total Bill: \$ 4,321	

 7 Day of Service		Ambulatory Surgery Center		
<u>Code</u>	<u>Units</u>	<u>Description</u>	<u>Reasonable Value</u>	
zzz	1	Destruction by neurolytic agent, paravertebral facet joint nerve(s), with imaging guidance (fluoroscopy or CT); cervical or thoracic, single facet joint	\$ 6,099	
			Total Bill: \$ 6,099	

Physical Therapy

 8 Day of Service		Session		
<u>Code</u>	<u>Units</u>	<u>Description</u>	<u>Reasonable Value</u>	
zzz	2	Therapeutic procedure, 1 or more areas, each 15 minutes; therapeutic exercises to develop strength and endurance, range of motion and flexibility	\$ 198	
zzz	2	Manual therapy techniques (eg, mobilization/ manipulation, manual lymphatic drainage, manual traction), 1 or more regions, each 15 minutes	184	
			Total Bill: \$ 382	

Patient Name: Daenerys Targaryen

Appendix A – References & Data Sources

Current Procedural Terminology (CPT)

"CPT" is a registered trademark of the American Medical Association. CPT codes and descriptions are copyrighted by the American Medical Association and used herein for explanatory purposes only.

Professional, Device and Center Data

The data contained in this report related to professional providers, durable medical equipment, ambulatory surgery centers, and diagnostic testing facilities is based on providers' fee schedules; representing the full billed charges for specific services.

The report also leverages the American Medical Association's CPT® codebook, Optum360's National Fee Analyzer, the American Society of Anesthesiologists ("ASA") Crosswalk book, EncoderPro, and www.findacode.com.

Hospital & Emergency Department Data

The data contained in this report related to hospitals is sourced from the Nationwide Inpatient Sample of the Healthcare Cost and Utilization Project (the "HCUP NIS") and the Nationwide Emergency Department Sample (the "HCUP NEDS"), which are sponsored by the Agency for Healthcare Research and Quality (an Agency in the US Department of Health and Human Services), bills already reviewed, or the American Hospital Directory.

HCUP databases contain information from a sample of approximately 20% of all inpatient discharges from HCUP-participating hospitals. The information contained in the database includes, among other data elements, primary and secondary diagnosis codes, procedural ("PCS") codes, Diagnosis Related Group ("DRG") codes, and total hospital charges for each patient.

Additional information on HCUP's data and methodologies can be found here:

<https://www.hcup-us.ahrq.gov/nisoverview.jsp>, <https://www.hcup-us.ahrq.gov/nedsoverview.jsp>

Information on HCUP's data partners that contributed to the database can be found here:

<http://www.hcup-us.ahrq.gov/db/hcupdatapartners.jsp>

Information on the American Hospital Directory can be found here: www.ahd.com

Inflation Data

When necessary, the billed charges in the databases are inflated to represent present day costs or, for historical analyses, the year the service occurred. These inflation rates are sourced from the Bureau of Labor Statistics' ("BLS") monthly CPI Reports for Medical Care.

Professional providers' billed charges are inflated according to BLS' Medical Care: Professional Services rates. Facilities' billed charges are inflated according Medical Care: Hospital and Related Services rates.

Patient Name: Daenerys Targaryen
Location: Denver, CO
Report Title: Based on the Future Care Referenced by Dr. Snow on 8/31/22

The following table summarizes these rates:

	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>2023</u>	<u>2024</u>
Facility	3.90%	4.50%	4.00%	4.30%	5.10%	3.70%	3.00%	3.00%	3.30%	4.40%	5.50%	3.50%
Professional	2.10%	1.70%	1.90%	3.10%	-1.80%	0.60%	1.40%	1.70%	4.30%	1.70%	-0.60%	2.60%

Information on BLS' monthly reports can be found here: <https://www.bls.gov/cpi/tables/supplemental-files/home.htm>

Daenerys Targaryen - SAMPLE - Mar 12, 20...

Appendix B - Methodologies

Overview

This report is built with the mission of providing transparency into the billed charges of treatment for a patient receiving care in a specific geographic region and at a specific point in time. This mission guides all decisions in assembling each report.

There are no independent assumptions or opinions on a patient's current state of health, diagnosis, or prognosis. This relies on notes provided by the patients' doctors and the codes on their medical bills for these assessments. There is no review of patients' financial or other resources available to obtain medical care. Reports only analyze billed charge amounts, representing the total charges of the procedures before any third-party contracted rates would apply.

Analysis

The reasonable value is set at the 80th percentile; a broadly accepted metric for determining usual, customary, and reasonable ("UCR") in the healthcare industry. Percentiles of billed charges for professional providers, durable medical equipment, ambulatory surgery centers, and diagnostic testing facilities are determined by searching historical databases for each occurrence of a HCPCS code billed by the same or similar provider the patient received treatment from (e.g. physical therapy from a physical therapist). The data is then filtered to include only providers within a preset radius around a designated location. If there are no occurrences of that code in the selected radius, the radius is enlarged for that code and noted in the report. In circumstances where a national sample is pulled, a geographic adjustment factor is applied to make the values geographically relevant. Percentiles are calculated using the resulting relevant data. Determining the value of hospital charges is done in a similar manner except the hospital database is filtered based on DRG codes and PCS codes instead of HCPCS codes.
